Shown with 4850 Pedestals

Benchtop Length	3' - 8'	9' - 14'	15'
Pedestals Required	2	3	4

Note: Benchtop lengths over 15' will be supplied in sections

Locker Benches are 9-1/2" wide x 1-1/4" thick and made from laminated all white northern hard maple. They are finished with one coat deep penetrating hot sealer and two coats of heavy body high impact hot hydraulically applied lacquer. Bench tops are standard in one foot increments from 3' thru 15'. Non-standard lengths are available on special order (pedestal requirement will be for next standard size up).

List Industries recommends ZEPHYR® locks for use on all Superior Lockers.

Zephyr® Built-In Combination Locks Available in spring-bolt and dead-bolt styles, are key controlled and include multiple combination settings

Zephyr® Combination Padlocks Available standard and master-keyed, padlocks can be used on all locker types

Zephyr® Built-In Key Locks Available in spring-bolt and dead-bolt styles and available standard or master-keyed

Zephyr® 1730 ADA compliant for use on gravity lift-type latches

Hallowell Digital Locks Digital locks allow access using a programmable four-digit code

SAFE-O-MAT® Built-In Coin, Token and Card Locks Available in coin return and coin collect as well as token collect and card access styles

Digilock® KT and KP Series Digital locks allow access using a programmable four-digit code

Digilock® T-Series Digitally controlled locks allow access by touching a key fob to the lock which automatically unlocks the door.

NOTE: If using a lock on a locker intended to meet ADA guidelines, the lock and locker must both be ADA compliant.
